

Soil and Water Sciences Department UF Invited Speaker Seminar

- Speaker:** **Mark Albrecht**
Hazardous Materials Specialist II
Chemical and Radioactive Waste Disposal
UF Environmental Health & Safety
- Title:** **EHS809 Training: Hazardous Waste Management in UF
Research Laboratories**
- Date:** Monday, January 28, 2019
- Time:** 3:00 pm – 4:00 pm
- Location:** McCarty Hall A, Room G186

This training is mandated by both Federal and State regulations, and is required every 12 months for anyone working in a laboratory, maintenance location, classroom, or other UF workplace which utilizes chemicals of any kind. The training is designed to provide detailed procedures on how to properly manage hazardous chemicals and waste, and how to respond in the event of an emergency.

Please make sure to self-register for this training seminar in advance via this link: [Registration](#). This seminar can be viewed via live or watched later via this link: [Mark Albrecht](#). Viewers of the live stream may now ask questions by clicking on the message icon at the bottom. Questions will be read at the end during the question and answer portion. In addition, all seminars are archived for viewing on our [SWSD Seminar Page](#).

Important Notes (If you can't attend live seminar):

For our off-campus faculty, staff, and students, there is a separate online training you can do (EHS 809 Online through my Training).

For our on-campus faculty, staff, and students who can't attend in person, there is an online training you can do (EHS 809 Online through my Training).
