Attendance Policy:

Students participating in an Extension experience are expected to exercise a significant degree of autonomy in their work, completing tasks with relatively little direct oversight from their Extension adviser. Nevertheless, the student should dedicate a minimum number of hours on their project that is consistent with the total credit hours sought for the experience. Besides the minimum expectations outlined in this section of this syllabus, the faculty adviser may also have additional expectations for participation, including attendance at group meetings and individual meetings with the student.

0 Credit Hours: Students can enroll in this course for 0 credit hours. This situation would be preferred by students who are approaching a maximum number of credit hours toward their degree or who are unable to cover the cost of tuition for these credits. Students registering for 0 credit hours should carefully discuss with their faculty adviser the time expectations for completion of the requirements of the class, and these expectations should be clearly articulated on the Undergraduate Extension Experience Form.

NOTE: If the student is only enrolled in 0 credit hours of ALS XXXX in a given semester with no other courses, they will be charged for 1 credit hour of tuition and fees.

1-3 Credit Hours: Students are expected to devote a minimum of three hours per week of actual work in this class for each credit in which they are enrolled. Students can enroll in a total of 6 credit hours of this course during their undergraduate study at UF. Students should carefully discuss with their faculty adviser the time expectations for completion of the requirements of the class, and these expectations should be clearly articulated in the Undergraduate Extension Experience Form.

The policies for allowable absences and make-up work follow the university attendance policies: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx.
Assessment:

70%  *Degree to which student meets expectations.* Expectations are to be established by the Extension adviser and student prior to the student’s enrollment in this course. The agreed-upon expectations will be reflected on the Undergraduate Extension Experience Form signed by both the student and Extension adviser. The following is a minimum set of expectations for every student enrolled in this class for credit: i.) develop a project plan, ii.) perform Extension work either at the state or county level, iii.) write a project report. These minimum expectations as well as additional expectations (e.g., attendance at departmental seminars, participation in group meetings, etc.) are to be clearly established and articulated to the student by the Extension adviser prior to commencement of the Extension Experience.

15%  *Quality of the final report.* The faculty adviser will provide clear expectations of the desired format, content, and deadlines of the final report. A final oral report may also be required. The faculty adviser will grade the final report.

15%  *Attendance.*

Students will receive a final grade of satisfactory (S) or unsatisfactory (U) in this course. A grade of S will be assigned if a student achieves a cumulative score of 70% on the assessments above.

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of
Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: http://www.dso.ufl.edu/SCCR/honorcodes/honorcode.php.
