Graduate Assistants United (GAU) is the official labor union representing all teaching, research, and graduate assistants (GAs) at the University of Florida. Representatives from GAU will present on the recently ratified contract between GAU and the University which protects the working conditions of all GAs at UF. We will cover new items in the contract such as changes to the GatorGradCare insurance program, stipend raises and fee relief, and new leave of absence and summer RAship options, as well as remind everyone of previously existing protections for GAs. All graduate assistants, and any department staff or faculty who are heavily involved in GA matters, are encouraged to attend.

For our off-campus students, off-campus faculty, and on-campus students who cannot attend, this seminar can be viewed via live or watched at a later date via this link: [Graduate Assistant Contract Education Session](#).
