JOB OPPORTUNITY

Are you an undergraduate student looking for some **PAID** lab experience?

The **Wetlands Biogeochemistry Lab** in the Soil & Water Science Department is seeking a hard-working and diligent student who is interested in some hands-on lab experience. We are looking for a research-orientated student majoring in Soil & Water Science, Environmental Microbiology, or related subjects.

The work will consist of assisting the lab manager and graduate students in processing soil and water samples, as well as other lab related activities including washing glassware, weighing soil samples, pipetting, making chemical reagents, etc. The hours are flexible and will be assigned to fit your class schedule.

*If you are interested, please send a resume and references to:*

Sophia Barbour, Lab Manager: sophia.barbour@ufl.edu

&

Dr. Patrick Inglett, Director: pinglett@ufl.edu
