

## **SWESD UNDERGRADUATE STUDENT SCHOLARSHIPS**

### **Donald A. Graetz Education Award**

This award will be given once a year to an outstanding undergraduate student. Qualified students must exhibit a significant interest in issues related to sustainable agricultural production and environmental management dealing with water quality. In addition to meeting academic excellence, preference will be given to students who demonstrate participation and leadership activities in clubs and other extracurricular activities related to agriculture and environmental quality. One scholarship award of \$1000 will be presented to the selected student.

**2022 Application Deadline is Monday, October 17th**

### **Fredrick Smith Award**

This award, paid from the F.B. Smith Scholarship Endowment established by long-time Chair F.B. Smith, is given to "an outstanding, capable, and worthy undergraduate student" in Soil and Water Sciences major. One scholarship award of \$1000 will be presented to the selected student.

**2022 Application Deadline is Monday, October 17th**

### **Outstanding Undergraduate Award**

This award, paid from unrestricted department SHARE funds, goes to an outstanding undergraduate student in Soil and Water Sciences or in the Environmental Management in Agriculture major. One scholarship award of \$1000 will be presented to the selected student.

**2022 Application Deadline is Monday, October 17th**
